

ARKANSAS

Jurisdiction Impact Analysis Real ID Act

REAL ID ACT REQUIREMENT	IMPACT	ASSUMPTIONS
Introduce Full Legal Name into Driver Licensing System (in Record, on Document)		
Have following data elements/features on the document: <ul style="list-style-type: none"> 28. Full Legal Name 29. Person's Date of Birth 30. Person's Gender 31. Person's DL or ID Card Number 32. Digital Photograph of Person (and retention) 33. Person's Address of Principle Residence 34. Person's Signature 35. Physical Security Features to prevent tampering, counterfeiting or duplication 36. Common Machine Readable Technology: 	<ul style="list-style-type: none"> 1. Will have to open field-presently first and middle initial. 2. Date of Birth is on face of license-would need century. 3. Already in compliance. 4. Already in compliance. 5. Already in compliance. 6. Already on record. 7. Already in compliance. 8. Already in compliance. 9. Yes. 	
Introduce temporary DL/ID cards and tying end of stay to expiration of DL/ID card (or issuance for no more than 1 year)	Would have to implement.	
Amending card design to show/indicate that it is a temporary document with a "different than usual" expiration date		
Verification at Source: Enabling your system to electronically verify documentation with: <ul style="list-style-type: none"> 1. SSOLV 	<ul style="list-style-type: none"> 1. Because of state legislation, will implement 1-31-06. 	

REAL ID ACT REQUIREMENT	IMPACT	ASSUMPTIONS
2. SAVE 3. DEERS (DOD) 4. Other jurisdiction (DL/ID card) 5. Birth certificate 6. Other...i.e. third party vendors	2. Because of state legislation, will implement 1-31-06. 3. 4. Task 8. 5. Have no way to verify birth certificate. 6. Presently not used.	
Developing access capability to SAVE system	Would require internet connection to revenue sites over the state for over-the-counter issuance.	
Introduce equipment into system to capture digital images of identity source documents so that images can be retained in electronic storage in a transferable format	Will require new driver license system to capture document and retain to driver license record.	
Retain paper copies of source documents for a minimum of 7 years or images of source documents presented for a minimum of 10 years	Presently don't have a system that would attach to record, documents will have to be copied at office site and mailed in to main office to be scanned and barcoded.	
Subject each person applying for a driver's license or identification card to mandatory facial image capture	Presently persons because of religious beliefs are not required to have photo made.	
Establish an effective procedure to confirm or verify a renewing applicant's information	Would require new process for verification of documents.	
In the event that a social security account number is already registered to or associated with another person to which any state has issued a DL/ID card, the state shall resolve the discrepancy and take appropriate action	At present we have completed 75 percent of batch process with SSA. We had a 5 percent error rate. We are still working through process on how to handle errors.	
Check other states if a person already was issued a DL in another state	In the process of migrating off a SNA connection to frame relay to participate in Task 8 Digital Image Exchange Pilot Project.	
Ensure physical security of locations where DL/ID cards are produced	Issue license over the counter in a secure location.	
Subject all person's authorized to manufacture or produce DL/ID cards to appropriate security clearance requirements	Presently we have not done background checks on employees – looking into cost.	

REAL ID ACT REQUIREMENT	IMPACT	ASSUMPTIONS
Establish fraudulent document recognition training programs for appropriate employees engaged in the issuance of DL/ID cards	Have conducted an 8-hour training course for some revenue employees, need an on-going training for new employees.	
Limit period of validity of DL/ID cards that are not temporary to a period not exceeding 8 years	Presently Arkansas license are only valid for a four-year period.	
Alternative document design if it does not meet federal standard	Presently delaying RFP until rule making is completed on Real ID.	
Legal Presence Requirement	Presently have this is a State requirement.	
Provide electronic access to all other states to information contained in the motor vehicle database of the state	Would require system change, which could be a costly price.	
Maintain a state motor vehicle database that contains at a minimum: <ul style="list-style-type: none"> ▪ All data fields printed on DL/ID cards ▪ motor vehicle driver's histories, including motor vehicle violations, suspensions and points on licenses 	Current state issued driver license has AAMVA standard – 2-D barcode and magstrip. At the present time the state history screen includes MV violations, suspensions and points on license.	
Optional Development and issuance of a certificate of driving – not for federal identification purposes – for those who cannot prove lawful presence.	Do not plan on issuing license to anyone who can't prove legal presence.	

What questions does your jurisdiction have as a result of the passing of the Real ID Act?

One of many concerns is if there is going to be any federal funds available for system changes. How are we going to verify multi birth records? How can we verify resident's address? What will the licensee have to bring with them to be able to verify identity? Our state is not a central issue process; we issue licenses over the counter. We have a general question, that is, if we go ahead and implement some changes, would that prevent us from receiving federal funds?

If your jurisdiction has done an impact analysis please provide us with a copy of the analysis.
