	duplicates as well	
Ensure physical security of locations where DL/ID cards are produced	Dependant on what standards are established	
Subject all person's authorized to manufacture or produce DL/ID cards to appropriate security clearance requirements	<ol style="list-style-type: none"> 1. Already done for driver examiners 2. Expand background check for all CSR 	
Establish fraudulent document recognition training programs for appropriate employees engaged in the issuance of DL/ID cards	None, Training already in place	
Limit period of validity of DL/ID cards that are not temporary to a period not exceeding 8 years	None, Already in place	
Alternative document design if it does not meet federal standard	WV License meets federal standards	
Legal Presence Requirement	None, Already in Place	
Provide electronic access to all other states to information contained in the motor vehicle database of the state	? Already in place with CDLIS	
Maintain a state motor vehicle database that contains at a minimum: <ul style="list-style-type: none"> ▪ All data fields printed on DL/ID cards ▪ motor vehicle driver's histories, including motor vehicle violations, suspensions and points on licenses 	None, Already in Place	
Optional Development and issuance of a certificate of driving – not for federal identification purposes – for those who cannot prove lawful presence.	No Plans at Present	

What questions does your jurisdiction have as a result of the passing of the Real ID Act?

- 1. Minimum physical security requirements for driver licensing locations?**
- 2. Cost of SAVE system for each jurisdiction under mandatory circumstances, as it is now an optional program?**
- 3. Role and anticipated time line for availability of DEERS in driver licensing process?**
- 4. Will implementing rules require each state to establish a driver's license central issuance process?**

If your jurisdiction has done an impact analysis please provide us with a copy of the analysis.
